MEDIA
INFORMATION
2023

MuoviPlast is the only printed plastics industry magazine in Finland. The magazine's readership consists of almost 600 companies, half of which manufacture plastic products. The second large reader group are companies supplying plastic raw materials, semi-finished plastic products and plastic machinery.

As the only magazine of the industry and the member magazine of the Finnish Plastics Association, MuoviPlast is an effective means of reaching all plastics sector personnel in Finland.
